

GABRIEL ALEIXO

Graduating in Information Engineering.

(11) 98565-0101 | gbaleixo@outlook.com |

RESUME

In my experiences, I learned about the importance of teamwork, prioritization, motivation, how to handle multiple tasks and intensified my sense of responsibility.

EDUCATION

Notre Dame Rainha dos Apóstolos School

Finished 2018

- Guild President (2017);
- Member of the mathematics and Physics Olympiad team;
- Member of the MOBFOG (Brazilian Rocket Competition) Team (2018);
- Basketball Team Captain (2014 - 2018);

FEDERAL UNIVERSITY OF ABC (UFABC)

Studying BC&T, Information Engineering (2020 - 2025).

- Scholarship holder of the Scientific Initiation Program for Freshmen (PDPD): Application of statistical techniques to assist in the planning of electrical distribution networks.

EXPERIENCES

- Purchasing Internship at SUEZ WTS (2021 - 2022) 1 year;
- Purchasing Internship at VEOLIA WTS (2022 - 2023) ;

In both experiences I was responsible by:

- Quoting equipment for complex projects;
- Intermediate contacts between engineering and the supplier;
- Direct negotiation with suppliers;
- Compare proposals;
- Determine the most advantageous supplier;
- Deal with local and international suppliers;
- Creation of a process for monitoring quotations;
- Development of automatic comparison of products;
- Dashboard for consulting other areas;
- Creation of quarterly results reports;
- Automatic generation of daily reports.

ABILITIES

- Office Package;
- Intermediary English;
- Basic Spanish;
- Teamwork;
- Creativity;
- Organization and planning;
- Advanced Excel;

PROGRAMING

- Python : Basic;
- Rstudio : Advanced;
- C : Basic;
- C++ : Basic;

HOBBY

As a hobby I built a system to be able to control a light and a garage gate by speaking with “ Alexa”. The system is connected with “Alexa” by Wifi and the communication with the gate is made by an attached antenna of RF 433MHz.
